**NOTE**

For orders of upholstery or carpets, available in different colors, proceed as follows:

**UPHOLSTERY WITH LEATHER**

Quote the number of the drawing illustrating the part in this catalogue and replace the last two figures (..) with the respective codes as shown in the appropriate "INNER TRIMS CAR CODE" Table, in the respective table.

**CARPETS**

Quote the number of the drawing illustrating the part in this catalogue and replace the last two figures (..) with the respective codes as shown in the appropriate "INNER TRIMS CAR CODE" Table, in the respective table.

**HOW TO CONSULT SPARE PARTS CATALOGUE**

All the parts liable to be ordered as spares are identified by the parts number, description and quantity mentioned in the tables.

Since the modifications now and then introduced in series production lead to changes in the number, description and quantity, it is essential for THE

SPARE PARTS STORES to strictly follow the changes which will be regularly notified with the amendment sheets.

**All the items entered in this catalogue are available at the head store of FERRARI.**

**All the orders for parts should state the catalogue number and, in addition, the chassis and engine numbers of the concerned cars. When ordering, it is advisable to describe the part with the same description as given in the parts catalogue.**

Spare parts fitted on cars that must comply with the laws of the Country where they are delivered to, are marked by the initials of the interested Country.

**TABLES**

They show the spare parts listed in the contents and are arranged in this way:

- 1 - Tables marked with capital letters (A.B.C. ...) where the assembly units supplied as spares and the relevant single parts are listed.
- 2 - Tables marked from 1 up to 99 where the single mechanic parts are shown.
- 3 - Tables marked from 100 up to 200 where the body parts are shown.

**MODIFICATIONS**

FERRARI will notify, when necessary, any modification which will occur to the parts catalogue: therefore it must be kept up to date.

**RULES TO BE OBSERVED WHEN ORDERING SPARE PARTS**

**When ordering spares, clearly indicate the denomination of each piece, its classification number as mentioned in the catalogue, and also state the number of engine and chassis of the car to be repaired.**

**NOTE** - The descriptions and illustrations included in this book are not binding; FERRARI reserve the right, to change at any time, such items or components as may be necessary to improve the functioning of efficiency, for either constructive or commercial reasons.

Due to economic, operating or safety reasons, Ferrari reserves the right, in any moment and without notice, of selling complete assemblies instead of single elements, even if in contrast with this list.
